THE TECH

VOL. XXVI. No. 49 BOSTON, MASS., FRIDAY, FEBRUARY 15, 1907 PRICE THREE CENTS

TECH SHOW BEGINS WORK.

Meeting of Candidates Held at the Union Wednesday and Play Outlined.

Tech Show started with a rush Wednesday afternoon, two weeks ahead of last year's performance. One hundred and fifty men were on hand for registration as candidates, ninety being out for principal parts.

The play this year is a musical comedy entitled "William, Willie and Bill," and is of a much lighter nature than "The Freshman." The scene is laid in a summer hotel and the atmosphere is entirely collegiate. A number of new specialties will be introduced, leaving to the plot a much less important place than in "The Freshman." In all there will be a cast of sixty, of which ten are principals.

The management has started in with a push and energy that should go far toward making the Show a success. The first rehearsal for the principals took place yesterday afternoon at four, and the chorus starts the first of next week. This gives a start of two weeks over last year and James Francis, the coach, said that this start, combined with the excellence of the book and music, will produce the best Tech Show ever staged. This is no mean promise, for the Show stands far above all other amateur theatricals in Boston.

In picking the men four things will be considered: acting, adaptability to the part, attendance at rehearsals, and standing in studies. This last requirement is insisted on in order that no man shall be able to use the Show as an excuse for failure in his work and thus give it a bad name with the Faculty.

Not only are men wanted for the cast but five places on the business staff are open to underclassmen. General Manager Macomber has charge of the entire performance and under him are Stage Manager Stewart, '08, and Business Manager McCready, '08, each with two assistants, and the new officer, Advertising Agent McMillin, '07, with one assistant. It is for these assistants that the management wishes underclassmen to try. The Colonial Theater has been engaged for two matinee performances in Boston on the afternoons of April 25 and 26, the Malden Auditorium for the evening of April 26, and the Providence Opera House for the evening of April 27.

The author of the book, E. W. James, '07, will be unable to see his play produced, for he has accepted a civil service position in the Philippines and left Boston yesterday for his post.

SERVICE AT TRINITY CHURCH.

On Sunday evening, February 17, at 8 P.M., there will be a special night service in Trinity Church, Boston. The preacher will be Rev. George Hodges, D.D., Dean of the Episcopal Theological School, Cambridge. The service will be preceded by a ten minute organ recital. All sittings at the night service are free, and the public are cordially invited to attend.

TECH LOSES TO TUFTS.

Both Basketball Teams are Defeated after Fierce Contests.

In two fast and hard-fought contests, Tufts twice defeated Tech at the latter's gymnasium Wednesday evening. Tufts 'varsity won from Tech 'varsity, 28 to 11, while Tufts second defeated Tech second, 29 to 24. The games were fierce and rough from the very start, and the Tech fives lost mainly through their inability to pass the ball and to find the basket.

The first half of the 'varsity game ended with the score 9 to 4 in Tufts favor, but in the second half the Medford men played all around Technology and had no trouble in adding 19 points to their score. Dwelly of Tufts was the star, throwing seven baskets from the floor.

The second teams were more evenly matched and the close score which prevailed throughout the game made the men play a fierce, hard game. Pettingill of Tech was the star, throwing five baskets, one of them a long one-handed shot from the middle of the floor.

TUFTS.	TECH.
H. Wilson, l.f.	r.g., Campbell
Seede, r.f.	l.g., Nichols
Getchel, c.	c., Pierce
Dwelly, l.g.	r.f., Kinnear (Whitmore)
Wallace, r.g.	l.f., Gregory

Score—Tufts 28, Tech 11. Goals from floor—Dwelly 7, Pierce, Seede 2, Wilson 2, Kinnear 2, Wallace 2. Goals on free tries—Kinnear 4, Wilson 2, Gregory. Free tries missed — Kinnear 2, Wilson. Fouls called—Wallace 4, Dwelly Campbell, Wilson, Gregory. Referee—Boyd. Timer—Mahan. Time—20-min. halves. Attendance—200.

At three o'clock tomorrow afternoon Tech and Brown will clash at the Gym in their third and last game of the season. Brown won both the other games, although in the one played last Saturday at Providence the Brunonians had to play their fastest game to win. Tomorrow's game promises to be fierce and exciting, and with support Tech should be returned a winner.

FENCING MEET A SQUABBLE.

The fencing meet with Tufts at Medford last evening was spoiled by continual wrangling over decision of the judges. Neglect on the part of the Tufts management necessitated the engagement of two Tufts men as judges, and Coach Fournon was forced to protest against many of their decisions. Up to time of going to press last night the meet was unfinished, each team having won two bouts and two bouts being undecided.

CIVIC CLUB KOMMERS.

The Kommers tomorrow night will be conducted by the Technology Civic Club. The Club has secured Mr. Louis Frothingham to speak on Panama. The talk will be illustrated by lantern slides and promises to be very interesting. Mr. Frothingham's reputation as a speaker is known to all, and his presence is expected to pack the Union. Civic Club members are especially urged to be present. Tickets should be obtained in advance at the Bursar's office, or from any member of the Institute Committee.

WILL WIN TIME PRIZE.

Coach Mahan Says Relay Team is Fast and Will Make Record.

Technology will be represented by an unusually strong team this year in the coming B. A. A. games. Not only will there be an exceptional relay team to run against Holy Cross, but there will be Tech men in two invitation events and in the open events.

The big event of the evening for Tech men, of course, is the relay race with Holy Cross. Technology has one of the fastest relay teams that it ever had. Coach Mahan is very optimistic and says that not only can his team win anything, but that it is going to take the time prize tomorrow night. Two of the men on the team, R. B. Todd, '08, and H. W. Blackburn, '08, were members of last year's team, while the new men are C. W. Gram, '09, and G. S. Gould, '07, with A. L. Moses, '09, also of last year's team as the substitute.

Capt. K. W. Richards, '07, of the Institute team, will run in the 40-yard dash invitation, and M. E. MacGregor, '07, is entered in the invitation two-mile. Richards won his spurs last year by walking away with the 40-yard handicap in the B. A. A. games. He was kept out of other meets later in the season by a bad ankle, but did fine work on the cinder path in the various spring contests, notably the winning of first in the 100-yard dash in the Tech-Williams dual meet. He is fine form this year and is running the dashes faster than ever.

MacGregor is essentially a cross crountry runner, but has shown all the form of a two-miler. Last fall he acheived distinction in both the Tech-Harvard and the intercollegiate runs, winning second in the former, and finishing first of the M. I. T. runners in the latter. He has been practising hard during the past week and is in good shape. The following men will represent the Institute in the open events:

Forty-yard dash, R. M. Keeney, '09; G. S. Gould, '07; K. D. Fernstrom, '10; H. W. Blackburn, '08; R. B. Todd, '08; A. L. Moses, '09; C. W. Gram, '09; K. W. Richards, '07; G. B. Cumings, '10; E. B. Snow, '07; H. J. Wertheim, '09.

Forty-five-yard hurdles, C. A. Eaton, '07; R. C. Albro, '07.

Six hundred-yard run, R. M. Keeney, '09; G. S. Gould, '07; A. L. Moses, '09; H. W. Blackburn, '08; R. B. Todd, '08; C. W. Gram, '09.

One thousand-yard run, G. H. Chapman, '08; B. L. Gimson, '08.

One mile run, R. J. Batchelder, '08; H. H. Howland, '08.

High jump, R. H. Allen, '09; H. J. Stuart, '10.

Four hundred forty-yard novice, K. D. Fernstrom, '10; H. J. Wertheim, '09; G. B. Cumings, '10.

In the short dash the most likely men are Richards and Todd, who carried off first and second, respectively, last year. Gould and Gram are the other men in this event who have been running fast. Moses and Keeney will probably be the only men to run for Tech in

Continued on Page 3.)

CALENDAR.

FRIDAY, FEBRUARY 15.

4.00 P.M. Mandolin Club Rehearsal in 31 Rogers.

4.15 P.M. Glee Club Rehearsal at the Y. M. C. A.

4.15 P.M. Mining Engineering Society in 2 Rogers.

8.00 P.M. Musical Clubs' Concert at the Unitarian Church, West Newton.

SATURDAY, FEBRUARY 16.

1.00 P.M. Meeting of Tech Show Poster Competitors in the Trophy Room.

3.00 P.M. Basket Ball, Tech vs. Brown, at the Gym.

8.00 P.M. B. A. A. Games at the Mechanics Building. Relay Race, Tech vs. Holy Cross.

MONDAY, FEBRUARY 18.

1.00 P.M. Meeting of THE TECH Board in 30 Rogers.

4.00 P.M. Mandolin Club Rehearal in 31 Rogers.

4.00 P.M. Banjo Club Rehearsal in 33 Rogers.

4.15 P.M. Glee Club Rehearsal at the Y. M. C. A.

8.00 P.M. Electrical Engineering Society Smoker at the Union.

FACULTY NOTICES.

Personal Hygiene.—The hour finally fixed for this course is 4.10 P.M. on Mondays, in 25 Pierce.

Tabular View Changes, Second Year, Integral Calculus.—Course X is transferred to Professor Woods, the Tuesday hour being changed to 11.

Course XI.—The Friday exercise is transferred to Saturday at 10.

Course II, Section 1A, is transferred until further notice to Dr. Roever without change of hours.

Course II, Section 2A, is transferred until further notice to Mr. Miller, the Saturday hour being changed to 9.

Course II and III.—Course II, Section 2B, and Course III, Sections 1B and 2 will meet Mr. Carter hereafter Tuesday at 9, Thursday at 9, and Saturday at 10.

Course IV. will meet Professor Bailey without change of hours.

First Year, Section 5. — Chemical Recitation, Tuesday at 12. Mathematics Friday at 12, Saturday at 12. English, Saturday at 9. These changes will take effect at once.

French Colloquium. — The hours have now been definitely decided. The class will meet Mr. Blachstein Mondays and Thursdays at four in 22 Lowell.

Fourth Year.—Students in Courses II, VI and XIII will meet Dr. Gill on Monday, Tuesday, Wednesday and Thursday, Feb. 18, 19, 20 and 21, for Gas and Fuel Analysis in 33 Walker.

All who are taking either Sanitary Science and Public Health or Personal Hygiene, or both of these course, and omitted to place the subjects upon their attendance cards, must petition for them immediately.

CLASS DAY MARSHALS.

Voting for Senior Class Day Marshals closed at the Cage yesterday afternoon at 4 P.M. The committee has announced the following results: First Marshal, J. H. Leavell; Second Marshal, D. G. Robbins; Third Marsnal, J. M. Frank.

THE TECH

Published every Monday, Wednesday, and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act. of Congress of March 3. 1879.

Friday, February 15, 1907.

We should like to urge every man with artistic ability to enter the poster competition announced by the Show management. Apart from the money and the honor to be gained, it is important that the management should not be compelled to have the work done by an outsider. The Show's success has been largely due to the fact that it is written, managed, and acted entirely by Technology men. We have not had to seek professional aid before; let us not begin now. Surely we can produce a poster worthy of acceptance.

Show Poster.

The first Kommers of this term will be held tomorrow evening at the Union. Those who followed THE TECH'S columns last term will note that this is the first Kommers under the new management. Last term they were under the direct control of the Walker Club. Although the Walker Club's management of this important school function was eminently successful, it was thought that it would prove more satisfactory on the whole if the management were in the hands of a body more representative of the students. As the Institute Committee is truly representative of the whole school, being elected directly from all four classes, the Kommers were put in their charge for the coming term.

New Management for Kommers.

The general plan of conduction will be the same as in previous years. Each of the four classes will have a special night on which it will furnish the entertainment. There will probably also be special dinners, as, for instance, tomorrow night, when the Civic Club will furnish the program.

The management is changed to this extent, however. Previously a man has been admitted whether or not he had secured a ticket beforehand. This term those men only who hold tickets will be admitted until after everyone is seated, and then only up to the number for which the chef has prepared. It is essential to the economical management of the Union that an accurate knowledge of the number of men expected should be obtained beforehand, and it is hoped that this new rule will accomplish that result.

Y. M. C. A. MEETING.

At the regular Thursday noon meeting of the Technology Y. M. C. A. held in Trinity Parish Hall yesterday, Mr. Jeliffee, an assistant at Central Church, spoke to the men about his experiences in settlement work on the east side of New York. His church was in a very cosmopolitan neighborhood, there being over 200,000 people of nine nationalities within a few minutes walk.

Mr. Jeliffee described the conditions there today. There are gangs of toughs which make the streets dangerous, and young boys are thus early schooled in vice. The different nationalities are clannish and while they often squabble among themselves, they all unite against the police. Immorality and intemperance are common. Many of these people seem to lack a sense of right and wrong; but one finds there numbers of men and women who lead sober, honest and Christian lives. The difficulties of reaching the people are great; but personal visits, instruction regarding health, and employment bureaus are effective in teaching them to lead normal lives with a healthy regard for Christian thought and life.

WILL WIN TIME PRIZE.

(Continued from Page 1.)

the 600, as the other men are on the relay team.

Gimson ought to make a good showing in the 1000-yard run, as he has been doing splendid work this year in the middle distance runs. In the handicap games in the fall he ran from scratch in the half mile and made a good fight through a large field, while in the recent indoor class games he carried off first honors in the half mile in record time. Howland, who surprised everyone last fall in cross country running by carrying off first place in the Tech-Harvard run, will be the strongest man for the Institute in the mile run. He is an ideal indoor runner, fast on the corners, and has a good sprint at the end.

It is expected that Allen will spring a surprise in the high jump. Owing to his attentuated build, he has been dubbed "scissors." Una few weeks ago he had no idea he could jump. He entered the indoor games and tied the winner at a fair height in his first attempt. For the past two weeks he has been practicing under John Mahan and has been able to clear heights that are regarded good for an experienced man. In the 440-yard novice are several fast youngsters that have shown up well this year.

EXHIBITION RACE AT GYM.

Two races of considerable interest were run at the Gym yesterday afternoon and a large number of spectators was on hand. Freshmen were conspicuous in the mile novice race, giving no one else a show. Hubert, '10, led for ten laps, but came in second, being passed after a pretty struggle by Mills, '10. Billings, another freshman, took third, while Hulsizer, '09, finished in fourth place. There were fourteen starters.

Of even greater interest was the exhibition race between two picked relay teams of five men each, and the result inspired great hopes for the B. A. A. race. Moses, '09, Gram, '09, Todd, '08, Gould, '07, and Blackburn, '08 ran for the first team; the second team was composed of Captain Richards, Keeney, '09, Chapman, '08, Fernstrom, '10, and Cumings, '10.

Each man ran two laps and the first team won by nearly half a lap.

NOTICES.

Frat. Men. — All fraternity men from colleges other than Tech will oblige *Technique '08*, by leaving their names, college, and fraternity at the Cage for McGuigan '08.

Musical Clubs. — The picture of the Musical Clubs will be taken at Purdy's studio Saturday, Feb. 16, at 1.30 P.M. All members be on hand with instruments. Dress suits with standing collars and white ties will be worn.

For Technique. — Managers or Captains of all athletic teams will kindly leave at once a picture and a list of their respective teams at the Cage for the Athletic Editor of *Technique*. Schedules and scores of games played would be greatly appreciated.

Secretaries. — The Secretaries of all Institute Societies, professional, school, or otherwise, are requested to furnish a complete list of their members for insertion in *Technique 1908*. These lists may be left at the Cage for McGuigan '08.

M. A. H. S. Club. — There will be meeting of the M. A. H. S. Club at the Union, Tuesday, Feb. 19, at 7.30 P.M. Tickets 25 cents. Please purchase in advance.

Concert Tonight. — The Musical Clubs will play tonight at the Unitarian Church, West Newton. The men will meet at the Trinity Place station to take the train leaving at 7.07 P.M.

Chemical Society. — The Chemical Society will hold a smoker, Feb. 20 at 8 P.M. at the Union. Prof. H. P. Talbot will speak on "Some Modifications in Old Notions, made necessary by Recent Experiments."

Will the one who took the Applied Mechanics from under my hat at the Union last Monday between one and two, kindly leave same at the Cage, and oblige C. W. Whitmore.

TECH SHOW POSTER.

All men intending to compete for the Tech Show poster are requested to attend the meeting to be held in the Trophy Room at 1 P.M. Saturday. The title of the Show, "William, Willy and Bill," will be explained and a rough outline of the Show given. A cash prize of ten dollars will be awarded the winner. The management will judge the poster solely on its merits, reserving the right to reject any or all posters submitted. As the poster is to be used primarily as an advertisement the one which serves this purpose best will be selected. All posters are to be in by March first and no extension will be granted. The management insists upon this early date, being desirous of obtaining a first class poster this year, and if no satisfactory designs are submitted by March first, a professional will be engaged.

WANTED

Investment involving half ownership or more, and any official position, in old established iron works in important New York city, is offered satisfactory young gentleman with $50,000 to $100,000; same required for working capital and improvements. Principal specialty absolutely staple. General engineering opportunities many. Particulars only upon suitable introduction, financial and general. Positively no brokers.
